

**It's Coming**  
Forecasts of the End of the World

**1**

Few people know about hesitant Harry Truman. No, he's not the former president of the United States, but the owner and caretaker of Mount St. Helen's Lodge in the shadow of its volcano at Spirit Lake, Washington. Despite vicious rumblings beneath his feet and warnings issued from the United States Geological Survey Station, Harry wouldn't leave. He chose not to pay attention to the signs! Harry's decision was fatal.

Many today make the same decision that Harry made. They share his sentiment that the danger does not appear threatening. However, the most earth shattering event of human history is fast approaching and the sequential signs revealed in the Bible forecast its approach.

Look at the crumbling world around you! Is this all a coincidence, or are these signs foretold in the Bible? The instability of nations, the threat of nuclear war, rising terrorism, unpredictable weather patterns, the breakdown of the family, crime, violence, and the spreading of the gospel to the corners of the globe, are the collective signs of Jesus' return. In Luke 21:28, Jesus said, "Now when these things begin to happen, look up and lift up your heads, because your redemption draws near." Your story does not have to end like Harry Truman. By reading and accepting these Bible truths you can avoid his fate. You can make decisions that will impact your life eternally. But, whatever you decide, the end is coming!
