## PRESIDENT'S LETTER | Greg Morikone

Dear 3ABN Family,

He wore a brightly colored work shirt. A tall man with salt and pepper hair and a quiet twinkle in his eyes. I was assisting with the 3ABN booth setup for the General Conference session in St. Louis, Missouri, when I noticed him standing there at the corner of our exhibit space.

I walked over to him and he easily struck up a conversation, sharing how he often works for the convention center when they host events. But his next statement caught my attention.

“It’s kind of come full circle,” he said.

“How’s that?” I asked, and what he told me next was amazing.

Twenty years ago, he was working at this very convention center when the General Conference Session was held in St. Louis, Missouri, in 2005. It was at that event he found about the Seventh-day Adventist Church and then discovered 3ABN had a local TV station in his city. And that changed his life forever!

He studied the truth found in the Bible, was baptized, joined a local Seventh-day Adventist church, and now has a wonderful church family.

“That was many years ago,” he mused, “but I just want 3ABN to know that it had a part to play in my spiritual journey.”

Praise the Lord for this man’s testimony! God has given each of us a job—to sow the seed of truth—and He will do the increase.

Thanks to your faithful support, 3ABN’s Christ-centered programs are in millions of homes every single day.

Even though we don’t know each person by name, God does. But what we *do* know is that many are allowing Him to work in their lives.

# KINGDOM COUNTDOWN

3ABN Homecoming Camp Meeting

With Christopher Hudson  
and your 3ABN family!

by Bobby Davis

As we get closer to the day, our hearts are thrilled by the thought of seeing so many of you again for our 3ABN Homecoming Camp Meeting to be held September 25 – 27 at our 3ABN Worship Center! With powerful messages from our guest speaker, Christopher Hudson, and many of your favorite 3ABN presenters, it is sure to strengthen your faith, deepen your understanding, and ignite a fresh fire in your heart to be ready for Jesus' return.

"Our theme will be 'Kingdom Countdown,'" says 3ABN Program Development Manager/Producer Shelley Quinn, "and it will be centered on the teachings of Christ and the empowering hope to live them out. Each sermon will be like a stone in a divine structure—forming a spiritual blueprint that reveals the heart of God, the pathway of salvation, and the preparation we need for the Final Judgment. This Homecoming moves us from heart preparation to character formation, culminating in the call to readiness for eternity. I truly believe God will awaken our hearts through these special messages."

3ABN President, Greg Morikone says, "Jesus is coming very soon, and each day

that goes by, we are one day closer to His glorious Second Coming!

"I believe 3ABN Camp Meeting is a wonderful time to renew our relationship with Jesus. It's a time to be encouraged, and a time to encourage our brothers and sisters, too. So we look forward to seeing you here with us soon!"

In addition to the inspiring messages and music, we're providing delicious free meals, programs for kids of all ages, and free camping and RV sites, but please call 618-627-4651 to make your RV or camping reservations. You may also visit [3ABNCampMeeting.org](http://3ABNCampMeeting.org) for more information, including a list of local hotels in the area.

"Our fall camp meeting will be a time of reflection and renewal, of fellowship with our 3ABN Family," says Jill Morikone, 3ABN Vice President/COO. "It's a time to be filled anew as we study God's Word together and explore the kingdom principles Jesus taught."

"Jesus is coming soon, and what better way to prepare than to come to our Fall Homecoming. We look forward to welcoming you home!" ☺

Our 3ABN Call Center plays a vital role in connecting this ministry with our viewers, and our mission is to represent Jesus Christ in all we do. That means working efficiently, and being patient, respectful, kind, and understanding to those we interact with on the phone or in person. It also means we handle our product with care, knowing it is all a blessing from God.

We want to treat you as we would like to be treated, so we answer each call with a warm heart. We recognize that it is a true privilege to serve you, and that your call is far more than just a conversation—it's a divine appointment. Whether you are searching for a program that touched your heart, or need a copy to share with a friend, we love helping you track down the right message, knowing that God is using those programs to change lives.

But it doesn't stop there. When you share your stories of how a sermon helped you see Jesus more clearly, or how a song brought you peace during a difficult time, it reminds us that we are all brothers and sisters in Christ. This is not a job for us—it's our ministry, and we thank God for letting us be part of what He's doing in your lives.

## A WONDERFUL FAMILY

Our 19 full-time and part-time department employees are a close-knit family working together to connect with you!

My role as Call Center Manager is to manage the department and ensure proper training for both new and current customer service representatives (CSRs). I also resolve any customer issues, prepare departmental reports, and coordinate preparation for major events like camp meetings, rallies, or conventions. I order product from various vendors and process orders for ministries that want to purchase our product; and sometimes I just lend an ear to listen to our employees.

Rachael Walls is our Call Center Assistant Manager, helping me with day-to-day operations. She's instrumental in

Left: (Back, L to R): Rod Williams, Bonnie Lass, Kristina Clinton, Lenny Soto, Bobbi Lingle, Josh Oswald, Terri Stanley, Kathy Shelton, Tammie Pierce, Gary Peterson, Clotty Cruz, Pam Seed.

(Front, L to R): Carolyn Young, Hana Mafnas, Elaine Rich, Rachael Walls, Marilyn Durant, Phyllis Andrew, Iannah Barry.

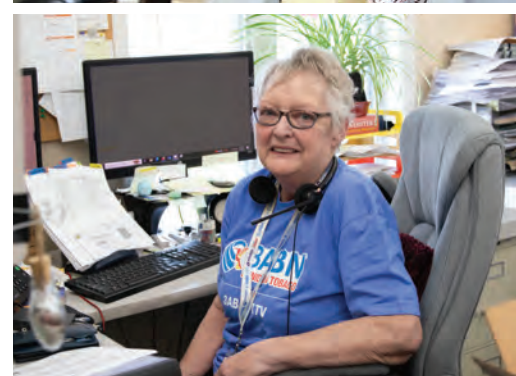

Right: (From top, L to R): 3ABN Call Center Manager, Marilyn Durant and Assistant Manager, Rachael Walls; Kathy Shelton applies 3ABN stickers; Pam Seed ships your orders; and Carolyn Young takes your calls.

facilitating support for our CSRs, and if they have a caller who's unhappy, she's there to take over and resolve the issue. Among many other things, she orders office products for the company, handles email and correspondence, assists me with employee evaluations, and serves as our Camp Meeting Coordinator. I am very happy and grateful to have her with me!

3ABN's shipping and receiving is vital to getting in supplies and managing incoming and outgoing mail and package shipments. And our mailing department makes sure orders are packed with love and care and shipped out quickly. In addition, our print shop produces many of our booklets and brochures, as well as the artwork for 3ABN displays used at larger events.

Yes, we are a family here, and we genuinely love one another! Call center work can be labor intensive and difficult, and companies often struggle with high turnover with their call center staff. But I'm proud to say we have longevity within our department, and I believe it is because we all have a loving relationship with Jesus and a genuine love and respect for others.

I love my work because of the people I get to work with, and the privilege of starting each day with them in worship and prayer. It's amazing how God has a plan for us all—if we allow Him to lead. ☺

# WE LOVE OUR CALLERS

Our 3ABN Call Center has the privilege of speaking with so many people who love 3ABN, so we asked our Call Center Manager, Marilyn Durant, to tell us about some of the callers we get to minister to.

"Vanya in Guntersville, Alabama, calls at least once or twice a week, and she is so grateful for all that we do in the call center," Marilyn begins. "She loves 3ABN and expresses her gratitude every time she calls. She also has her favorite customer service representative (CSR)—Elaine, and always wants to speak with her.

"Helen calls every week from Monroe, Louisiana, and is so precious. She gets our recipes and tells us how happy she is that we are here to help her. She speaks softly and says that the love, kindness, and patience of our employees is wonderful. I love Helen. She is so precious to me.

"Carol from Readstown, Wisconsin, calls every week to pray with us. She loves the ministry and all that we do here.

"David from Battle Creek, Michigan, is appreciative of all the kindness Bobbi gives him when he calls. She tracks down programs for him, and looks up information about other ministries, too.

"Barbara from Alberta, Canada, calls once a week to say hello and thank us for being here; and Garrel from Newburgh, Indiana, comes to mind, too. He is so wonderful and calls from time to time to express his appreciation for materials we send him to witness to his neighbors and those who pass by his home.

"And all the folks who came in our 3ABN Tour buses from the General Conference Session in St. Louis, Missouri, were so excited to meet us," Marilyn continues.

"They were excited to put a face with the name, and thanked all of us for what we do. They could not believe the magnitude of work we do in our Call Center with such a small group of people. So many of them wanted to take pictures with us, and one family in particular asked for photos of Carolyn and Kathy with their three small boys. They were especially grateful for Carolyn's 24 years and Kathy's 23 years of service.

"One lady loved all the beautiful plants in our office, and we told her that they are cared for by Bonnie Lass. They insisted on meeting her to tell her how pretty it made the area. In fact, most of those who took pictures and videos wanted to do so in front of the plants. It was amazing how excited the groups were to be here.

"How refreshing this was to all of us. It helped us realize the tremendous impact and importance of what we do for the Lord, and we're grateful to make a difference in the lives of those we serve." ☺

A DIFFERENCE IN THE LIVES  
OF THOSE WE SERVE."**

Terry Givens lives in Tennessee, and was raised in a wonderful family. They attended church each week, and although she says they never had family worship, she would see her mother reading her Bible every morning and evening.

As Terry grew older, her church attendance fell off from time to time. But she always came back, and after she married, she taught Vacation Bible School and Sunday School on a regular basis.

After moving out of Nashville, she began praying for more truth, and for friends who would deepen her understanding of Scripture—but she never dreamed how God would make that happen!

One night, she couldn't fall asleep, so she finally turned on her TV. There stood a man preaching inside a prison—and what he said was fascinating! The next day, she watched that station again, unaware of how it would drastically change her life.

That station, of course, was 3ABN, and she watched every chance she could. As she did, she felt a growing awareness that what she had been taught about the Bible didn't really match what was in it!

*Why did I not study this out for myself?* she kept wondering as she watched programs on Revelation. She says she never realized this book was a love letter from God to give us peace in the Last Days!

As she watched a study on the sanctuary, she thought of all the Jewish friends she'd had. Knowing *about* the temple was one thing—but understanding how the sanctuary pointed to Jesus was quite another!

"3ABN kept peeling the layers back, and the truths were so rich and deep!" she says. "I was seeking truth because I felt the Bible topics had to be deeper than just the current event applications I was hearing. 3ABN began filling that void and lighting a fire in me that gave me light to understand the words I was reading."

From the sanctuary to the Sabbath, Terry soaked it all up. She downloaded our 3ABN Sabbath School Panel notes, as well as the 3ABN Bible Study Guides, and it wasn't long before she'd joined her local Seventh-day Adventist church. Today, Terry is our 3ABN Ambassador to them, sharing how easy it is to do evangelism by liking and sharing 3ABN programs on social media.

Although she says she's an introvert by nature, she volunteered to host a 3ABN booth at a local fair with members of her church—handing out literature in 100-degree weather!

"3ABN is my family, and I praise God for leading me to you," she says. "And by the way, I didn't stumble onto this network, I was divinely led to it!" ☺

**W**hat a blessing it was to meet hundreds of brothers and sisters who attended the General Conference Session of the Seventh-day Adventist World Church in St. Louis, Missouri! One question was, “How can I get 3ABN in my country?” And since many of them lived in Africa, I was happy to tell them that because of the growth of the Internet, we no longer have to operate free-to-air TV stations to reach them. Instead, I directed them to request local cable companies to carry 3ABN, since it is free, and we can stream our networks anywhere in the world on a stable Internet signal.

Of course, there are some areas on that continent where cable distribution is not practical, but many African governments, like those of Uganda and Ghana, are switching

to digital TV systems that allow licensed non-governmental organizations (NGOs) to insert 3ABN into the bouquet of channels that reach every home in the country.

In Uganda, we’re blessed to partner with Avvento Media by helping them build a studio where they produce local programs in English and their most widely used language—Luganda. They’ve witnessed many baptisms, and sent us the following letter from a viewer:

“Your programs have truly deepened my faith, giving me hope, guidance, and a stronger spiritual connection. The stories and music—and especially the *a cappella* songs—speak directly to my soul. I appreciate all the presenters, too. They are professional, and very interesting.”

In Ghana, 3ABN is being broadcast on the government’s bouquet of channels to every home with a TV set through the efforts of some amazing volunteers!

As Ellen White wrote: “God will do the work if we will furnish Him the instruments” (*Christian Service*, p. 257). We can all be instruments in preaching the gospel—just contact us to become an ambassador for the Lord! And if you’re not able to do that, then please pray for us and consider investing your financial support to reach the millions in countries like Uganda and Ghana who Surely, God will bless every to Africa and beyond! ☺

# CREATURES OF Light

by Risë Rafferty, M.S., RDN

**T**he Bible says, “God is light” (1 John 1:5). “That was the true Light which gives light to every man” (John 1:9). And “In Him was life, and the life was the light of men” (John 1:4). We often think of these verses metaphorically, rather than literally; but I believe they are both.

Jesus said, “You are the light of the world,” and “Let your light so shine” (Matthew 5:14, 16). Again, we think of these verses in relation to spiritual light and truth, but what if they also were literal?

Light is both energy and mass. A photon is a quantum of light—a tiny packet of energy that is both particle and wave, a minute amount of electromagnetic radiation. Emitted from the sun, photons travel and will reach Earth in about eight minutes.

## BIOPHOTONS

Researchers have discovered that humans emit biophotons. These ultra-weak emissions of light are said to be 1,000 times weaker than what we can see. But while they are not visible to us, these particles of light are actually emitted from within our cells. Researchers using instrumentation to measure this light have detected biophotons emitted from the brain and from the face. And scientists hypothesize that the human body uses light, as well as hormones and neurotransmitters, for cell-to-cell communication.

Not only do we emit light, but we’re also highly regulated by light. In fact, the kind of light we are exposed to has massive impact on our physiology, more than likely including our own biophoton emissions. Modern men in developed countries spend 90 percent of their day indoors, so indoor lighting is what they’re primarily exposed to. But sadly, indoor light from light bulbs, phones, and computers is largely “blue light.”

Natural sunlight contains blue light—and all the other light waves seen in the rainbow, as well. This discrepancy has the potential to cause metabolic dysregulation, and may be playing a significant role in our rates of obesity, type-2 diabetes, and insomnia, for example.

We are creatures of light, and Moses’ face glowed with light after spending time on the mountain with the Source of all Light. Perhaps ours can, too. ☺
